

The screenshot shows the ATEN website's product page for the VC160. At the top left is the ATEN logo with the tagline "Simply Better Connections". To the right are navigation links: Home, Partner Center, Contact us, and Site Map. Below these is a horizontal menu with links for Corporate, Solutions, Products, News, Support, and Download. A "Select Language" dropdown is also present. The main header features a blue banner with a laptop image and the word "Products" in large white text. Below the banner is a "Product Browser" section with a search bar and a "Model Search" dropdown set to "VC160". On the left, a sidebar lists product categories: Enterprise Solutions, SMB Solutions, SOHO Solutions, Embedded Solutions, Accessories, and Video Products. The "Video Products" category is expanded, showing a list of items including HDMI Extender, HDMI Splitter, Presentation System, Video Switches, Video Splitters, Video Matrix Switches, and DVI Video Switches. The main content area displays the "VC160" product name, a photograph of the device, and two inset images showing the "VGA IN" and "DVI-D OUT" ports. Below the product image is a "Download" section with icons for Manual, Driver, QSG, and Firmware. To the right of the product image are several utility buttons: "Spec Sheet" (with a download icon), "Products Supporting Windows Vista ...", "KVM Wizard" (with a lightbulb icon), and "Online Test" (with a mouse icon). At the bottom right, the text "IP-based KVM Control Unit- KN9116" is visible. A green "New" badge is placed above the product description, which starts with "• **VGA to DVI Converter**" and includes a brief description of the device's function.

DVI Video Splitters  
HDTV A/V Switches  
HDMI Switches  
Video Extenders
