

## Synergy 21 LED remote dual white (CCT) 4 zones \*Milight/Miboxer\*

Optimise control over your lighting with the **2.4GHz 4-zone RF CCT remote control**. This innovative remote control gives you convenient and flexible control of your lighting mood, perfect for modern living and working spaces.

The **2.4GHz 4-zone RF CCT remote control** works with a voltage of **3V** and is powered by two batteries. The remote control uses a transmission frequency of **2.4GHz** and the modulation method **GFSK** to ensure a stable and reliable connection. With a transmission power of **6dBm** and a control range of up to **30 metres**, you can easily and precisely adjust your lighting from a distance.

This remote control is characterised by an extremely low standby power consumption of only **20uA**, which makes it particularly energy efficient. The compact size of **110x53x21.5mm** ensures easy handling and fits perfectly in any hand.

With the **2.4GHz 4-zone RF CCT remote control** you can control up to four different zones independently of each other. This allows you to create different lighting scenarios for different rooms or areas. Whether you want warm white light for a cosy atmosphere or bright white for productive working environments, this remote control gives you the flexibility to optimally adjust your lighting.

Experience the benefits of the **2.4GHz 4-zone RF CCT remote control** and improve your lighting control.
